The Farmhouse

Our Agriturismo Bellarosa offers you everything you need for a unique and relaxing holiday.

A few kilometres away from Assisi, our rural-style farmhouse is the ideal place to leave your everyday life behind and enjoy the quiet beauty of a perfect fusion between art and nature.

Steeped in history, our farmhouse dates back to the 17th century.

Ancient maps of 1633, found in a land registry, show cattle sheds, stables, a henhouse and an oven.

Some of them are now part of our farmhouse, recently restored to provide you with a unique accommodation experience.

The Farm

On our farm we produce cereals, forage, jams, vegetables and fruits.

We also have farmyard animals, pigs, goats and honeycombs, which allow us to produce delicious honey.

We also produce organic extra-virgin olive oil. The cold pressing of the olives guarantees a superior quality and a fruity flavour.

The guests at our farmhouse have the opportunity of tasting all our produce.
